### THE FUSION PARTY

For more than twelve years past the Republicans of Nevada have predicted the death of the Silver party. They have advertised the demise, selected the day of burial and hired the undertaker. They have been able in fact to furnish all the adjuncts of a first-class funeral except the one very essential thing known as the corpse.

Last Saturday they had all the arrangements made at Reno for the long desired obsequies but as usual the corpse failed to materialize, and the interesting and music advertised ceremony had to be again postponed.

A Republican editor in Nevada was so positive that the funeral would be pulled off that he wrote a touching and studied notice of the contemplated obsequies and had it in type. This he was obliged to lay sadly away by itself on a shelf until he can find time later to have it distributed.

The reason that the party refuses to die can be easily explained. It is in a perfectly healthy condition all over the state and able to fully materialize when ever called upon.

Twelve years ago when the Republican party had been running the state in debt by extravagant and dishonest administration, with a record of defalcations and shortages, high tax rates and general demoralization, the people rose up and kicked it out of power and called for a new deal.

The change brought about a reduction of official expenses and a constantly decreasing tax rate. The affairs of government have been honestly conducted and a better administration at a less expense.

The party in power have taken the burdens of taxation in hand and by wise legislation more justly equalized them in the distribution.

It has not favored the rich at the expense of the poor. It has regulated the hours of labor in accordance with the wishes of those who earn their bread by honest toil and has not been a tool for incorporations. With such a desirable record why do the Republicans insist that it should be buried.

They say that Silver is a dead issue and demand that the party which fought the battles of the white metal for years should be punished for its work on behalf of the chief industry on the State, the industry which the Republican party of Nevada did its best to kill.

Last Saturday at Reno the Silver party proved a very live proposition.

It effected a complete fusion with the Democratic party and the two will meet in Reno Sept 24th in joint convention. Heretofore they have held

separate conventions in different halls. This year they will sit side by side with equal representation.

On Monday day, and 2nd St. Silver Republicans and Democrats will be competing for our best mining men. 3000 each the first cities of Nevada and 2000 each for the second cities.

Senator Nixon, Dr. James R. McLaughlin, an appointed pension surgeon at Wagon Mound.
